

Aluminium Storage Boxes

PRODUCT DESCRIPTION

The illustrations show boxes supplied with aluminium checker plate to the lid which provides additional strength for demanding railway applications. Boxes can be partitioned to order to suit customers' requirements. These containers are made from aluminium, giving great strength and light weight. Ideal where weight is an important factor. These boxes are available in seven different sizes see Part Numbers for details.

	N/A	0111/107229	Partitioned box	800 x 400 x 330mm	745 x 345 x 305mm	9.0kg
			User for:			
			Storing rail alignment set			
			Storing welding equipment			

SPECIFICATION

Standard Features:-

- Ribbed body for strength with light weight
- Stacking locators on each corner
- Tough plastic protected grip handles (weight capacity = 35kg per handle)
- Recessed base prevents ingress of moisture when stored on damp floor
- Retaining strap on lid prevents hinge damage
- Rubber seal on lid gives showerproof container
- Lockable catches

Optional Additional Features:-

- 3mm aluminium checker plate to lid
- 3mm aluminium checker plate to base
- 3mm internal plain rubber mat
- Self adhesive vinyl labels designed to your requirements

0111-107229 is a specially partitioned version LT/SB/833 800 x 400 x 330mm. This box ideal either for the storage of the rail alignment kits and for welding kits. Within the box are 8 off 85 x 85 x 200mm compartments at one end, which provide locations for small parts making retrieval easy or can be used to provide protection for items such as aerosols, preventing damage to the aerosol and paint being released inside of the box. Please refer to the PDF data sheet.
