PRODUCT DESCRIPTION

Used for setting Railtech preheaters/moulds.

Thumbnail	Part Number	Network Rail Reference	Description
	LT/RG/22	URLT/003904	Extended engineers' square

SPECIFICATION

Dimensions:

Blade = 275mm long x 25mm wide x 2mm thick

Stock = 131.5mm long x 25mm wide x 10mm thick

Please note: this is classed as an alignment aid only and the design differs to that of a standard engineers' square. Therefore the gauge is not manufactured to DIN or BS standards.

For dimensional tolerances please contact our sales office.
